2-Rescuer CPR

AED Safety

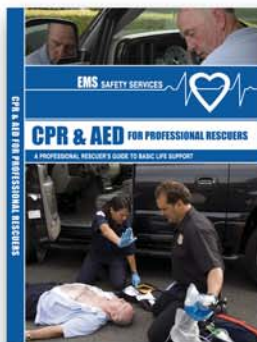

Oxygen Administration (optional)

EMS Safety's BLS curriculum makes teaching easier, retention longer and helps build the confidence of first responders. When rescuers respond confidently, they respond without hesitation.

Our BLS course for professional rescuers and health care providers is based on the latest AHA/ECC Guidelines and meets OSHA standards.

EMS Safety instructor materials are cost-effective, professional and easy to understand.

Instructor courses are offered regularly; experienced Instructors may grandfather.
